Subject: DHH Flyer Questions
Date: Sunday, August 28, 2016 7:33:14 AM

Bryant, per our discussion yesterday, provided below are a few questions/suggested additions to the DHH Flyer for the Lard Oil release. Thanks, Tim.

1) Estimated release volume different from EPA website posting and the written notifications to state agencies submitted yesterday – do we know reason for change?

(2) Should we suggest including note that should residents find accumulated oil or containers on property they should call LDEQ/EPA/Lard to clean up rather than doing it themselves?

(3) Possible to include more direct statement re little health risk to residents whether by inhalation or dermal contact?
